

Renewal of Boiler Licence

(Under The Boiler's Act, 1923)

1. The unit owner will request the Inspecting authority (Director of Boilers) with inspection fee for conducting the inspection, one month before the expiry of validity of the previous licence.
2. Then the boiler inspector visits the unit for inspection after giving due notice, which is normally 10 to 15 days.
3. The remarks regarding inspection are recorded in the MI book of the concerned units.
4. In case, the boiler is found to be unfit for running, the shortcomings are conveyed to the unit.
5. In case, the boiler is found to be fit for running, the renewed licence is issued in Form VI.

Flow Chart for Boiler License Renewal

List of Documents Required for Renewal
